

26-28 novembre 2025

BASE Milano

Via Bergognone 34, Milano

**DAY 2 – 27 November 2025**

## **EFN Conference - Facade 2025:**

### **Verso una riqualificazione profonda innovativa del costruito**

### **Towards an innovative building stock deep renovation**

8:30-9:00

Registrazione / Registration

9:00-9:20

Benvenuto e apertura / Welcome and opening

**Enrico S. Mazzucchelli**, EFN – DABC (Dipartimento di Architettura, Ingegneria delle Costruzioni e Ambiente Costruito, Politecnico di Milano)

**Giacomo Scrinzi**, Commissione Efficienza Energetica del Costruito, Ordine Ingegneri Milano

**Paolo Rigone**, UNICMI (Unione Nazionale delle Industrie delle Costruzioni Metalliche dell'Involucro e dei serramenti)

9:20-11:15

#### **SESSION 1 (Sponsored by Rockwool)**

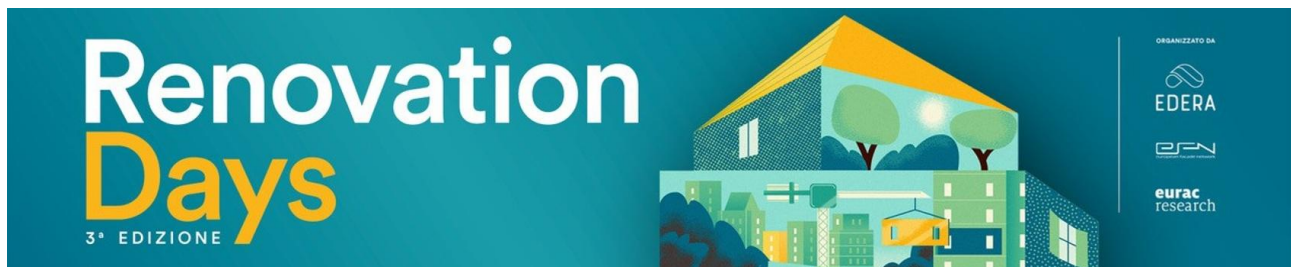

Industria e innovazione: soluzioni avanzate per la riqualificazione delle facciate

Industry and innovation: advanced solutions for facade retrofitting

Chair: **Giacomo Scrinzi**, DABC – Politecnico di Milano / **Francesco Isaia**, Eurac Research

*Climate adaptation in building envelopes - renovation strategies* - **Nacim Nowrouzi**, ARUP Milano

*Energy and Carbon Performance of Opaque Ventilated Façades* - **Kate Dougherty**, **Fabrizia Cosimelli**, **Nina Glover**, **Saba Maskin**, WSP

*EnergieSprong for Education. Experience of a mix of innovation and low carbon solution for deep renovation* - **Christian De Nacquard**, Bouygues Construction – H2020 INFINITE

*Challenging in sustainability at product level for the building renovation: which strategy?* - **Stefano Avesani**, EcoLoop

*The Open Face Program: a structured and holistic approach to façade design and engineering* – **Alessandra Luna Navarro**, Open Face

**Mauro Tricotti**, Rockwool

11:15-11:45

Coffee Break

11:45-13:30

## **SESSION 2 (Sponsored by Pellini)**

Dalla ricerca alla pratica: strumenti, metodologie e tecnologie per rigenerare l'involucro edilizio

From research to practice: tools, methodologies and technologies for building envelope regeneration

Chair: **Sofia Pastori**, DABC – Politecnico di Milano / **Roberto Lollini**, Eurac Research

*Scalable Renovation Strategies as a Pathway to the Decarbonisation of Buildings and Cities* - **Thaleia Konstantinou**, TU Delft

*Regenerative envelope to transform the city into a resilient and biodiverse ecosystem* - **Rosa Romano**, Università degli Studi di Firenze

*Prefabricated Façade Solutions for Energy and Seismic Building Renovation* – **Carola Tardo**, Università degli Studi di Catania

*Transforming Buildings into Adaptive, Future-Proof Assets* - **Miren Juaristi**, Eurac Research

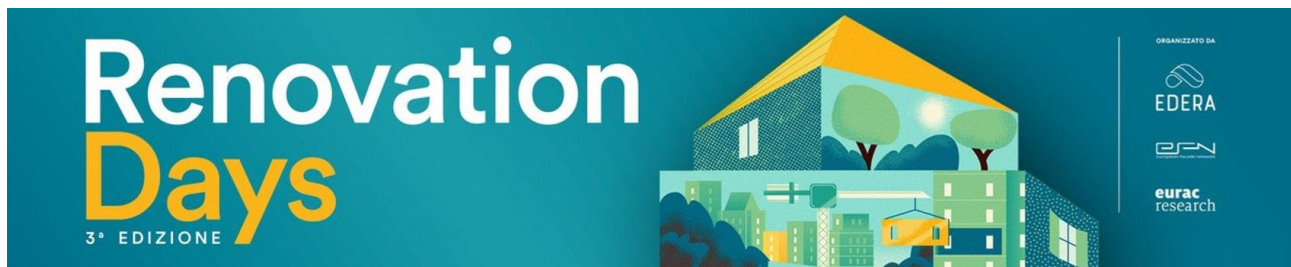

*Integrated and industrialized solutions for faster and more efficient retrofitting* - **Diego Tamburrini**, Eurac Research

*Supporting staged massive Net Zero Retrofit with collective buy-in-schemes* - **Alessandro Zanini**, EDERA

**Giovanni Gennaro**, Pellini

13:30 - 14:30

PAUSA PRANZO / LUNCH BREAK

14:30-15:30

**Round table (Sponsored by Isopan)**

Verso una riqualificazione profonda innovativa del costruito

Towards an innovative building stock deep renovation

Chair: **Enrico S. Mazzucchelli**, DABC – Politecnico di Milano

**Marco Dal Mas**, EDERA

**Kate Dougherty**, WSP

**Martino Gubert**, INFINITE

**Miren Juaristi**, Eurac Research

**Francesca Tosolini**, Federcasa - Ipes

**Naciem Nowrouzi**, ARUP

**Paolo Rigone**, UNICMI

**Andrea Tessadori**, Isopan

15:30-17:00

Focus: le Soluzioni per la riqualificazione industrializzata del social housing italiano: approfondimento tecnico

Focus: Solutions for Industrialized Deep Renovation of Italian social housing. In depth presentation

**Marco Dal Mas**, EDERA

**Le aziende partecipanti alla Call for Solution Next Gen ERP**

17:00

Intervento di chiusura

Closing Remarks

**Enrico Sergio Mazzucchelli**, DABC – Politecnico di Milano

**Martino Gubert**, Eurac Research

**Thomas Miorin**, EDERA
